

Dear Test Taker,

You will be taking an exam that utilizes the Remote Proctor NOW (RPNOW) system. This system allows for you to take your exams at a convenient time as allowed by your school or organization, while proctoring your exam by recording the visual, audio, and desktop aspects of your exam and exam environment.

We hope you find the Remote Proctor NOW system both easy to use and convenient. Below are several items to consider:

Requirements:

- **You will need a camera, microphone, and a sufficient Internet Connection. For more detailed information, click the “RPNOW Exam Taker Quick Guide” link below.**

Guides and Walkthroughs:

- Review the [RPNOW Exam Taker Quick Guide](#) (Support information, video walkthroughs, and more are provided).

Practice Exams:

- We encourage the use of any available Practice Exams provided by your school or organization so that you may familiarize yourself with the RPNOW system, and to ensure your computer and camera/microphone are setup and working properly. Please contact your school or organization for Practice exam availability.

Notifications:

- You may be contacted regarding any activities flagged during the exams you take as follows:
 - Your school or organization may contact you directly
 - They may request that Remote Proctor contact you, in which case you'll receive an email from Remote Proctor
- Be on the lookout after your exam for notifications. Final disposition of any violations will be determined by your school or organization. Please contact them with any questions or concerns you may have.

The take a Remote Proctor NOW exam, please go to this website: www.pierce.remoteproctor.com

Thank You,
